

Twin Cities/Siding Professional  
855 3rd Street Southwest  
Suite 1  
New Brighton, MN 55112

Dear Mr. Kelly:

We wanted to take the time to tell you that we are very pleased with our new siding and paint transformation.

We decided that it would be more cost effective to take off the cedar siding and put up Hardie Plank. When interviewing the siding contractors, the Twin Cities Siding Professional was not the lowest price, but the best value for a job well done. They understood what was going to be required to insure longevity in the siding task. We asked key questions on the installation of Hardie Plank from the manufacture and the Twin Cities Siding Professionals was one of two contractors that answered the questions with the same response as the manufacture. This gave us the confidence to pick them as our contractor.

Twin Cities Siding Professionals were at the job site on time, cleaned up after themselves, and even took care in not destroying the perennial beds that we had around the house. The painting crew was efficient and effective in apply the paint and cleaning up afterwards. Would I recommend these professionals? The answers would be yes. Don't be afraid to tell them what your expectations are, because they will meet them. We must tell you, there was one time when Karen did have to ask them three times to caulk a seam, but no one is perfect. This shows that all you have to do is ask, and it will be answered. We enjoyed having them around and they were very courteous and polite and dealt with my 8-year-old son very well. He wanted to join the crew.

The level of satisfaction is high and the service was complete. We would recommend them. If you would like to call us, please call 952-484-8113.

Sincerely,

Karen and Ron Stark
