

Twin Cities Siding Professionals
664 Transfer Rd, Suite 22A
St. Paul, MN 55114

Dear Terry,

We wanted you to know how pleased we are with the work your crews have done on our home. The result of your work has exceeded our expectations, and we are so pleased. Our home looks beautiful, but beyond that, everyone in your company was great to work with.

We appreciated your flexibility in trying to meet our schedule needs and your personal responses to our questions. Ann answered our many phone calls and questions, and was always so pleasant and helpful. The siding crew worked so hard, were so respectful, pleasant to have around and did such quality work. The painters were an impressive crew of young people who not only worked hard but had a great attitude. They all deserve a great deal of credit for representing your company so well.

We have never worked with a company which provides such exceptional customer service and takes such pride in their work.

Thank you again, and stop by to see the results when you have time.

Herb and Carolyn Allshouse
