St. Paul MN 55114

Dear Terry and Ann:

I just wanted to write and thank you and all of the members of your team; Kristin, John Lucas and his crew, and Nick Dettinger and his crew for the wonderful job you did with the new siding and windows on my home. The house looks great, a huge improvement over the old Cedar siding, and it is noticeably warmer, due to the improved insulation the new siding and windows provide.

It was a joy to work with your staff who bent over backwards to make sure I was satisfied with the quality of their workmanship and the look of my house. And, all at a price I found reasonable and affordable compared with other contractors using vinyl or metal siding. I really thank you for your care and concern trying to make sure the cost of the project was as low as possible without sacrificing quality or workmanship.

I wish you all the best with future projects and much success with your business.

Sincerely,

Richard Sferra
