Dear Terry:

We would like to thank you and your entire team for the excellent performance on the recent siding and painting projects at our home.

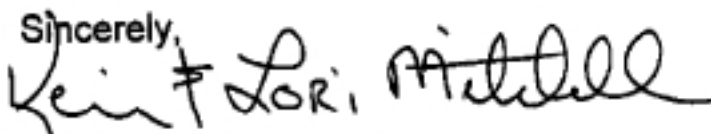

From the initial bid through the completion and clean-up work, every phase of our project was handled professionally and with an extremely high quality of workmanship. We are delighted with our new exterior and have had many compliments from neighbors and friends.

In particular we would like to thank the siding team led by John for their outstanding work. Throughout the project John kept us informed of the status, progress, and work plan for our job. The project was completed on-time, on-spec and actually came in under-budget thanks to ability of the team to recognize an opportunity to streamline our construction plan based upon their expertise.

We have owned several homes over the years and have had the opportunity to work with a variety of builders and contractors. I want you to know that our experience with Twin Cities Siding Professionals was absolutely the best we have had.

Please feel free to use us as a reference at any time.

Thanks once again to you and your team for delivering a truly wonderful customer experience.

Sincerely,

Kevin and Lori Mitchell
