

Terry and Kristen

I'll start with Dave, your very thorough and professional sales person. He came so prepared we really didn't have any questions when he finished! He put a lot of work into the bid, giving 3 estimates with pictures showing exactly what your company would do for us. Next Chad, site manager was on the job everyday also kept in touch on the phone when the weather stopped the job. He's very personable and professional as all of your workers are. We had 3 work orders to add on and because of your workers it made it all possible without any worries. Ed and his crew, Bill, Erin and Anna joined them the last 2 days of the job. I could ask anyone a question and got an answer. They all knew exactly what they were doing. They were here each day at 7 AM, weather permitting. I received courtesy calls when they couldn't be here. Dave also stopped by to see that things were going as planned. Our house is old and had some challenges, but they fixed each problem correctly. Brent the painter was perfect as well with the finishing touches. We would recommend your company to anyone.

The house looks fantastic!

Thank you
Krista & Donny

Kudos to your phone people as well
