Re: Siding Installation – 8161 Red Oak Ct, Mounds View, MN 55112

To Whom It May Concern:

Your company installed James Hardie siding on our home at the above address this past spring. We wanted to let you know how pleased we are with the finished product. We were very pleased with the work that the initial crew did when they came out in March. TJ Rasmussen was the crew chief for the crew and he did an excellent job of getting the siding up and paid great attention to detail. We couldn't be happier with the work he did.

We were also very pleased with the coordination of all aspects of the work as led by Nate Gohl. Nate did a great job and when we threw a monkey wrench into the job by deciding to add the installation of a bay window to the job, he handled that to perfection. Even after the bay window was installed from Eagle Window and some rain problems were encountered, Nate came out and spent a couple hours making sure all leaks were taken care of.

Because of the work of these 2 individuals, we referred our neighbors, the Rulands on Red Oak Ct. to Twin Cities Siding and they are having James Hardie installed in August of this year. We thoroughly enjoyed our experience with your company and would certainly be glad to refer you in the future.

Thanks for your attention.

Regards,

Anne and Kevin Griffin
