

To Future Twin Cities Siding Professionals Customers:

After researching James Hardie siding, I sought out contractors at the Spring Home and Garden Show. I was most impressed by the Twin Cities Siding team, and their bid was more than fair.

My home has blossomed with the beautiful new siding, and the gorgeous paint color. Now, my 14 year old house looks brand new. The siding and painting crews were very easy to have around and their work is perfect. They paid great attention to detail and never cut corners.

I would highly recommend James Hardie siding, and the Twin Cities Siding Professionals to anyone making this investment in their home.

I plan to enjoy many years in my "like-new" home.

Sincerely,
