

Thank you for your interest in financing your Twin Cities Siding & Roofing project.

NOTE - If you have placed a lock on your credit, you must lift the lock before applying for financing.

If you have any questions throughout the application process, you can contact Service Finance Customer Service 866-393-0033. TCSR's Dealer Number is #490125339.

Below are brief details about what to expect in each step of the application.

If you are planning to add a co-applicant, you will be able to do so on Step 6.

Twin Cities Siding & Roofing will receive your credit decision and will instruct Service Finance to send you your loan documents to sign. After signing your loan documents, Service Finance will call you to verify that you submitted the application and there isn't any fraud. As an FYI, this call will come from an unknown number.

Service Finance (not TCSR) sets the interest rates and length of loan.
